Polycom® MSR™ Series

Next generation Skype Room Systems bring the Skype for Business experience to every meeting

Polycom® MSR Series is the next generation Skype Room System, bringing the familiar Skype for Business experience into meeting rooms enhanced with Polycom's leading audio and video capabilities. Designed to deliver the utmost simplicity and ease-of-use, users start meetings with one-touch join and take control of the meeting with little training needed. Familiar Skype for Business feature set and the user interface lets you search your company directory and start an ad hoc call; add a participant through PSTN calling; select the best gallery view options; start the collaboration by accessing PowerPoint presentation from the console or connecting your laptop via HDMI cable and instantly share your desktop. All of these can be done easily through the center-of-table controller.

The center-of-table console is powered by Surface Pro 4 and encased in a Polycom-designed MSR Dock. The dock delivers intuitive touch-based operation with familiar Skype for Business interface, expanded I/O for display connectivity and certified peripherals, and network connectivity. Polycom MSR Solutions come in three different configurations with innovative audio and video technologies and are designed to meet room requirements of different shapes and sizes.

Benefits

- **Transform your meeting room with Skype for Business**—Dedicated Skype Meeting app optimized for center of table touch controller and Polycom's innovative audio and camera options instantly transform meeting room into productive collaboration space

- **Easy to deploy, simple to manage**—Simple deployment and updating of the UWP Skype Meeting App, and the device monitoring and management via Intune and SCCM

Product specifications

Polycom MSR Dock

- Integrated Microsoft Surface connector
- 2 x HDMI outputs supporting up to 1080p60
- 1 x HDMI input supporting content sharing up to 1900x1200 and 30fps
- 1 x Gigabit Ethernet (RJ45) port
- 4 x USB 3.0 ports
- 1 x 3.5mm headset audio jack/TTY Port
- Motion sensor/presence detection
- Power Port 15V 64Amp PSU, 100–240V, 50/60Hz

Polycom MSR200 Camera

- Logitech® C930e webcam (1920x1080 30fps)

Polycom MSR300 Camera

- USB 2.0 HD video conference camera
- 1/2.7" CMOS Sensor
- Maximum 72.5° field of view (H), 44.8° (V)
- 12X Mechanical PTZ, USB Camera with remote control
- Remote control for camera control
- Dimension 169mm x 142mm x 164mm
- Power consumption 12W (Max)

Polycom RealPresence Trio smart hub

- 5-inch color LCD (720 x 1280 pixel), 9:16 aspect ratio
- 3 cardioid microphones
- 1 x USB 2.0 Micro-B device port

- Loudspeaker
  - Frequency: 100–22,000 Hz
  - Volume: 92 dB at 0.5m peak volume
- 6m/20-foot microphone pickup range
- When connected to MSR Dock, RealPresence Trio must be set to USB optimized mode
- Power
  - LAN IN: Built-in auto-sensing IEEE 802.3at. PoE Device (Class 4) backward compatibility with IEEE 802.3af.

For full specifications of RealPresence Trio conference phone, see the Polycom RealPresence Trio data sheet

Polycom® CX5100 Unified Conference Station

- Panoramic video (up to 1920 x 288 pixels) supported
- Active speaker video (up to 1920 x 1080 30fps) supported
- Console Loudspeaker
  - Frequency response: 160 Hz–22 kHz
  - Volume: adjustable to 88 dBA SPL (peak) volume at 0.5 meters
- Console microphones
  - 3 microphones for omnidirectional coverage
  - Frequency response: 160 Hz–22 kHz
  - Full Duplex (Class 1) with noise suppression

For full specifications of CX5100, see the Polycom CX5100 data sheet

Standard Polycom Warranty applies to all Polycom solution components.
