

KLEENEX® and SCOTT* Hard Roll Towel

Highest capacity hand towel system

Kleenex®
BRAND

Scott*
BRAND

Our highest capacity hand towel system with the flexibility to meet your needs

Benefits

Superior Cost in use

- Highest capacity towel system for reduced servicing requirements
- Controlled dispensing reduces usage and waste
- Stub roll feature prevents run outs and reduces waste
- Dispensers offer the choice of push button lock for accessibility or key lockable to deter pilferage and misuse
- High capacity rolls means reduced storage requirements

Easier Maintenance

- Electronic dispenser has indicator lights to provide a quick assessment of refill and battery needs for less maintenance
- You only need one towel for any combination of electronic and mechanical dispensers for greater flexibility

Improved Hygiene

- Only touch the towel being used for maximum hygiene
- Dispenser keeps towel clean and hygienic prior to use

Improved Sustainability

- The stub roll feature helps ensure 100% use of towel for less waste
- AIRFLEX* Fabric provides superior product performance while using less fibre
- High density rolls take up less space for more efficient storage and distribution
- Less packaging than folded towel for less waste disposal
- Contains a sustainable mix of recycled and FSC virgin fibre

User Satisfaction

- User preferred AIRFLEX* fabric in a choice of KLEENEX® 2 ply in white or SCOTT* 1 ply towel in white and blue
- Identical design electronic or mechanical dispensers accept both KLEENEX® and SCOTT* Towels so the right dispenser/refill combination can be placed where its needed
- Easy to use electronic dispenser can be programmed to meet user needs

Conventional hand towels have tightly compressed fibres which cause water to sit on top of the towel, slowing absorbency. **KLEENEX®** and **SCOTT®** towels with **AIRFLEX®** Fabric contain absorbency cells that soak up water first, for superior hand drying performance.
