

PCN – PRODUCT CHANGE NOTICE

EHS Advanced 2.0

Dear Customer,

In order to ensure compatibility with current and future devices, the scope of delivery and the functionality of EHS Advanced 2.0 from the production range September 2017 will change:

The Y-Cable connecting the Snom 3XX series and the Snom expansion module 3XX V2.0 will no longer be included.

Affected deployment scenarios:

Using the EHS box with a Snom 3XX series phone while using the Snom expansion module 3XX V2.0 is no longer possible.

All other application combinations, including Snom 3XX Series without simultaneous usage of the expansion module 3XX V2.0 can be used without any change.

The products are identified by the HW Rev R3A⁽¹⁾
