

Easily switch between  
desk phone and PC calls

Use with corded or  
wireless USB headsets

---

## MDA200™

Imagine if one USB headset  
could handle it all.

Step smartly into Unified Communications without leaving the desk  
phone behind.

**IDEAL FOR:**

- Transitioning to softphones
- Using one USB headset for calls from softphone and desk phone

**Imagine if one USB headset could handle it all.** Step smartly into Unified Communications with the MDA200 headset communications hub – the first and only solution that connects to a corded or wireless USB headset for calls from any device. Make the most of your desk phone and PC. Even take calls on a mobile when used with a Plantronics Bluetooth® USB headset.

## KEY FEATURES

### Enhances call management

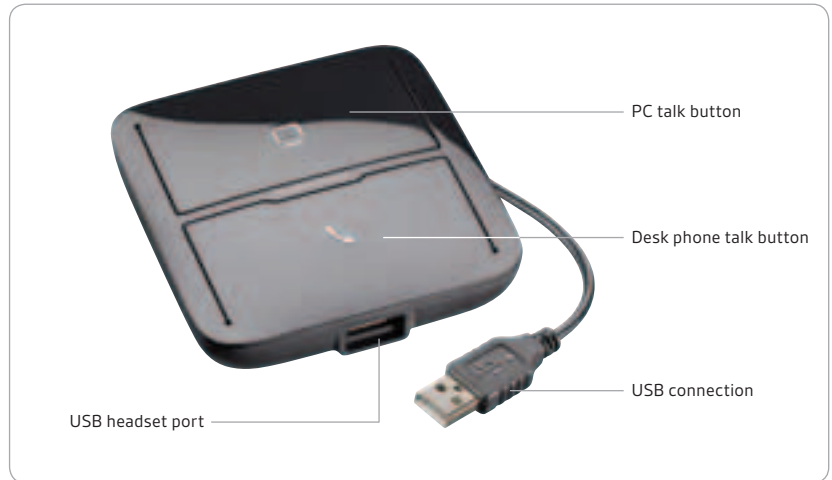

- Allows the choice of one corded or wireless USB headset for users in the office or on-the-go
- Simple user interface to easily answer, end, hold and switch between desk phone and PC calls
- Supports remote call control with Plantronics corded and wireless USB headsets
- Manage calls from PC, desk phone and even a mobile phone when used with Bluetooth USB headsets (like Voyager™ PRO UC)
- Compatible with Plantronics corded desk phone headsets when used with a USB adapter
- True voice clarity with wideband/stereo audio support

### Rapid deployment

- Plug-and-play, hassle-free installation
- Compatible with softphones from every major UC provider
- Upgradable firmware ensures future compatibility and feature support

### Recommended accessories

- Use with Plantronics Electronic Hookswitch (EHS) cable or HL10 handset lifter to enable remote answer or end control from the desk phone
- Use with corded or wireless USB headsets or Plantronics H-series headsets (with DA Series USB adapter)
