

VB342

Video Soundbar

USB Conference Camera with 4K Video and Lifelike Sound

The VB342's powerful camera, mics and speakers were carefully designed to provide the most lifelike conferencing experience. Perfectly suited for huddle rooms.

A Vibrant Face to Face Experience with 4K & Pan Tilt Zoom

With the VB342, there's no need to leave your office for face-to-face meetings- just click a button and everyone is there. The VB342's 4K camera provides superb resolution, color balance, and detail so you can catch all participants' expressions with no distortion. Ultra-sharp clarity is maintained even when you pan, tilt, and zoom.

Professional audio optimized for meetings

The VB342 brings an optimized audio experience unlike any experienced in a meeting space. Its two uni-directional microphones cover a 6m range, ample for any huddle room. Its stereo speaker offers 5W full range. No matter how far away everyone is, it will sound like they are in the same room.

Easy to install and setup

The VB342 is designed for ease of access and the maximum user experience. It is easy to install, and integrates seamlessly with your existing systems, offering multiple connectivity and expansion options and bringing together the ultimate VC experience in a unified, accessible platform.
