NOTES

The replacement products suggested are the most comparable product to the previous generation. Please see the appropriate product specification sheet for further details.

REASON FOR END OF LIFE

End of product life cycle.

LAST ORDER DATE

All discontinued products listed are available while supplies last.

RMA AND WARRANTY POLICY ON DISCONTINUED PRODUCTS

Service and Repair will be available for the duration of original warranty period from date of purchase. Non-warranty repairs will continue to be offered as long as parts are available. For more information please visit <https://www.pelco.com/about/legal/warranty-terms>.

SUPPORT POLICY

Pelco will continue to provide technical support for the above-listed discontinued hardware, at minimum, until the expiration of the unit's warranty as determined by the unit's service tag. Software support will track

the life of the software suite and is not directly tied to the above stated hardware. Extended support options may also be available on a per-product basis. Please contact your local support center for additional information.
