

# Side Hinged Garage Doors

# Traditional

TRADITIONAL - classic design door.

Replace door but not a style!

Double glazed panel with clear, matt, "frosted" or tinted glass.

Any RAL Classic or "Golden Oak" colour.

# Flush

Flush design in either woodgrain or stucco finish offers a classic look which suits traditional and modern properties alike. The door can be personalized with attractive window options. You can choose vertical or horizontal panel layout and any colour you like.

# Slick

No ribs, no embossing - just a smooth panel. But looks great! Slick design offers exceptional range of colours. In combination with stainless steel windows or appliqués and metallic finish your garage door can look million worth.

# Rib

The simplistic Rib design available in both horizontal and vertical versions combined with various woodgrain or stucco colours making it a popular choice.

# Midrib

Midrib resembles solid timber planks and is available in various finishes and colours including popular smooth metallic.

# Cassette (Georgian)

The popular Georgian design offers curb appeal to all property types. The doors are available in traditional 1/2 : 1/2 split or increasingly popular 2/3 : 1/3 split.

# Chevron

The Chevron is uncomplicated traditional design available in various finishes and colours. Normally manufactured with a narrow rib but other designs and options including windows are available.

Stainless steel windows will decorate any door. Play with sizes, shapes, layout.

Stainless steel appliqués can make your door really different and special. Choose from standard appliqué catalogue or create your own personal. Appliqués combined with stainless steel windows can create a stunning effect.

**Appliqué catalogue**

Think outside the box!  
Design, layout, colour – the fantasy is the limit.

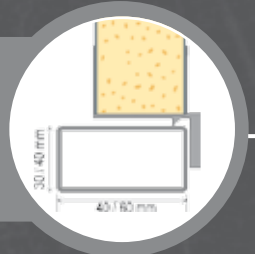

The door is rubber sealed all around perimeter and between leaves.

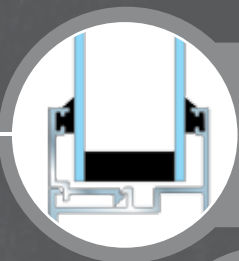

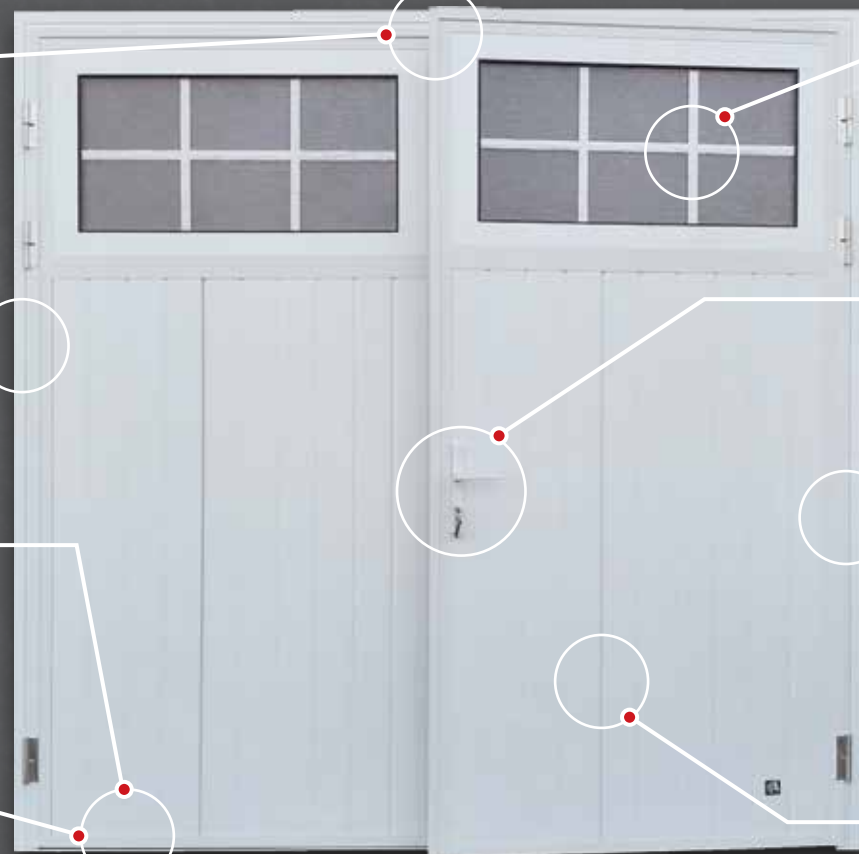

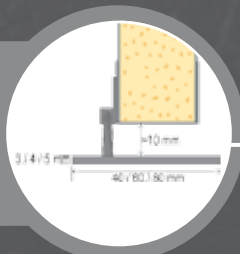

Installation is fast and easy. All fixings included.

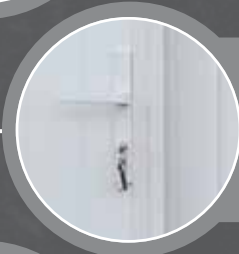

Raised threshold made of zinc coated rectangular steel tube. Rubber sealing.

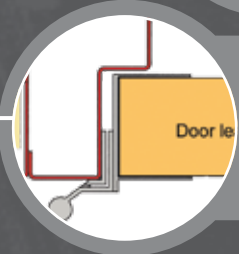

Flat threshold made of zinc coated steel tape. Brush sealing.

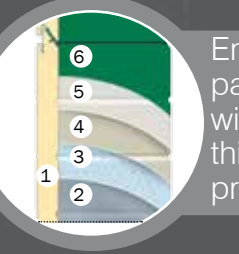

Scratch proof energy efficient double glazing. Acrylic glass.

First door leaf can be left-hand or right-hand swing. The door split can be 1/2 : 1/2, 1/3 : 2/3 or any other reasonable proportion.

Zinc coated, robust and maintenance free steel frame. Painted same colour as the door or different if specified.

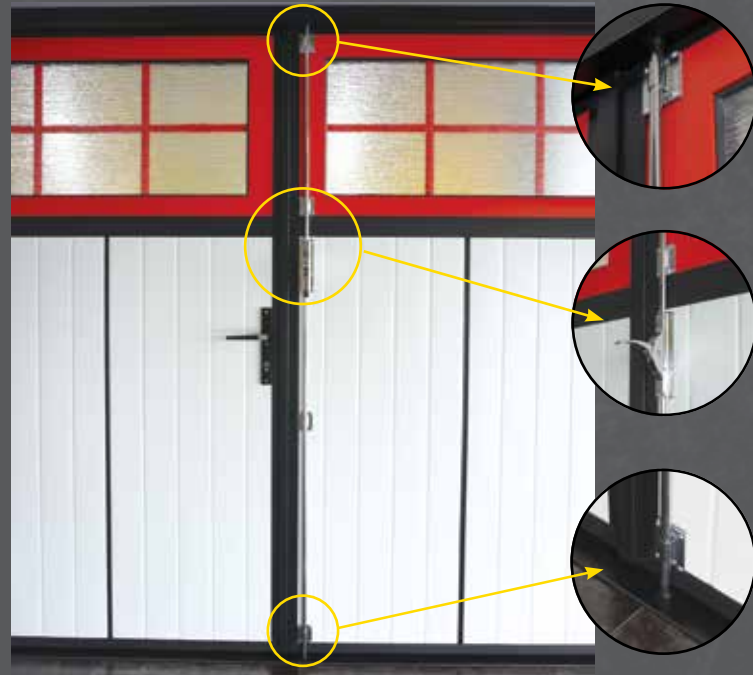

Energy efficient insulated door panels. Double steel skin filled with freon free PU foam: 1- 40mm thick foam; 2- steel; 3- zinc; 4- primer; 5- finish coating; 6- colour.

# Additional options

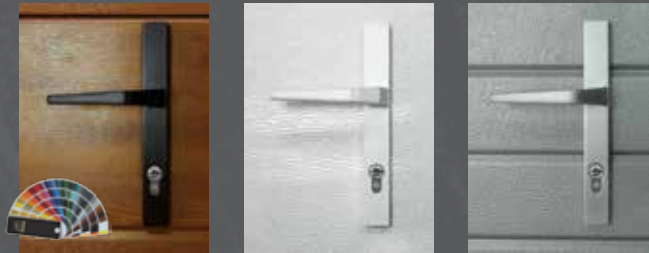

## ESPAGNOLETTE LOCK

Second leaf has espagnolette lock to keep it in closed position. A no cost option for doors over 2 m wide, designed to make opening the second door leaf effortless.

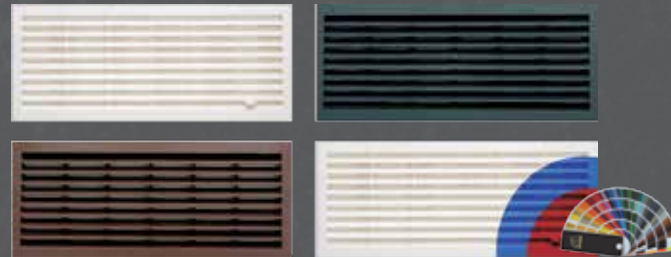

## HANDLE OPTIONS

Locks – white, black, aluminium are the standard choice although other colours are available as an option.

## VENTILATION GRILL

Doors can be equipped with ventilation grills 338 x 132 mm. Standard colours white, black, brown. Painted custom, colours as additional option.

## FRAME MOULDINGS

This option allows door to be fitted flush with the front wall hiding any small gaps or distressed brickwork. Same colour as frame. On left side frame with moulding on right - without moulding.

with moulding

without moulding

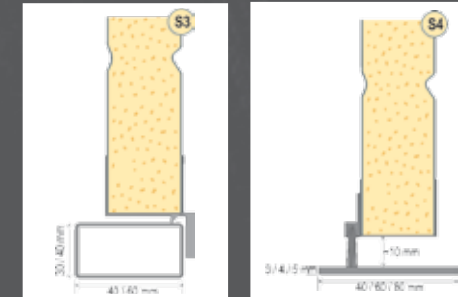

## DOOR STAYS

Door closer-stay keeps door leaf in open position and gently closes when released.

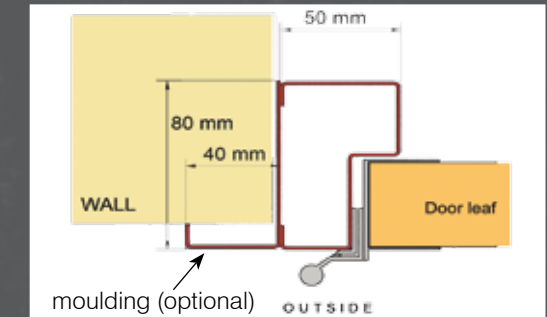

## THRESHOLD

Two options: raised and flat.

## FRAME PROFILE CROSS-CUT
