My belle Sofa system

Riscrivere l'idea delle aree comuni

Oggi il progetto "My belle" si presenta con un sistema di imbottiti integrato da diversi elementi funzionali. Piccola architettura sospesa sostenuta da gambe leggere, qui poggiano morbide sedute e schienali che si possono collocare in tutte le posizioni del telaio, per creare nuove versioni, in ogni momento. Senza schienali ecco che si sviluppano essenziali ma sempre eleganti panche.

My belle Sofa system trova spazio dove ci sono persone, in ambienti da valorizzare e rendere evocativi. Anche in questa versione del progetto "My belle" è evidente l'eleganza, la leggerezza e un design attuale, che resterà attuale anche domani.

Rewriting common areas idea

Today the "My belle" project presents an upholstered seating system, integrated with various functional accessories. A minimalistic suspended metal structure supported by light legs, hereon lay soft seats and curvy backrests which can be placed at any position on the frame, creating new versions any time. Without backrests, essential yet elegant benches emerge.

My belle Sofa system finds its place wherever people gather, in spaces that need to be enhanced and made evocative. This version of the "My belle" project also shows elegance, lightness, and a contemporary design that will remain contemporary also tomorrow.

Un sistema modulare

Si progetta, si aggiunge, si riconfigura per modellare gli spazi comuni. **My belle Sofa system** introduce una nuova libertà compositiva che segue il ritmo del lavoro, il ritmo delle persone. Le sedute e gli schienali si agganciano con semplicità. Un sistema che cambia configurazione quando cambiano i flussi, le persone e le funzioni: da lounge a meeting, da attesa a collaborazione.

A modular system

Designed, added to, and reconfigured to shape common spaces. **My belle Sofa system** introduces a new composing freedom which follows the rhythm of work, the rhythm of people. Seats and backrests link easily. A system that changes configuration as flows, people, and functions change: from lounge to meeting, from waiting to collaboration.

Sostegno e accoglienza in equilibrio

Il metallo definisce la struttura, mentre le curve sinuose della silhouette dichiarano il carattere della seduta. Un dialogo tra comfort e sostegno garantito dallo studio delle forme e da imbottiture di pregio.

Balanced support and comfort

Metal finish defines the frame, while silhouette sinuous curves define the seat's character. A dialogue between comfort and support guaranteed by careful design and high-quality padding.

La funzionalità prende forma nei dettagli

Piano orientabile e vano a giorno cablato esprimono la visione del sistema realizzato con lavorazioni artigianali che coniugano tecnica ed eleganza.

Functionality takes shape into details

The swivable writing top and the cabled open compartment express vision of the system, made with artisanal craftsmanship combining technology and elegance.
