# Offer of Source for Open Source Software

---

You may have a RealPresence® Group system from Polycom that contains software from the open source community that must be licensed under the specific license terms applicable to the software.

For at least three years from the date of distribution of the applicable product or software, we will give to anyone who contacts us using the contact information provided below, for a charge of no more than our cost of physically distributing, one of the following items (a) A copy of the complete corresponding machine-readable source code for programs listed in this document or (b) A copy of the corresponding machine-readable source code for the libraries listed in this document, as well as the executable object code of the Polycom work with which that the library links.

The software included or distributed for the RealPresence Group system, including any software that may be downloaded electronically via the internet or otherwise. (the "Software") is licensed, not sold.

## Open Source Software

The RealPresence Group system uses several open source software packages. The packages containing the source code and the licenses for all of the open-source software are available upon request by contacting [Open.Source@polycom.com](mailto:Open.Source@polycom.com).

## License Information

The following table contains license information for the open source software packages used in the Polycom RealPresence Group system. Note that the source code and the licenses for all the open-source software are available upon request. This list is provided as a convenient reference.
